

SEARCH AND SEIZURE

School lockers remain the property of the school even when used by students. Lockers are subject to administrative search in the interests of school safety, sanitation, discipline, enforcement of school regulations and to search by law enforcement officials on presentation of a proper warrant. Students and their parents/guardians shall be informed of this policy when lockers are assigned.

A student's person and possessions may be searched by a school official provided that the official has reasonable grounds to suspect that the search will turn up evidence that the student has violated or is violating either the law or the rules of the school. Under no circumstances shall a search be conducted based solely upon an anonymous tip and/or a rumor that contraband is present. The extent or scope of the search shall be reasonably related to the objectives of the search and not excessively intrusive in light of the age and sex of the student and the nature of the infraction. A physical search may only be conducted by a staff member of the same sex as the student. Before instituting such a search, except in cases of emergency, the principal shall try to inform the parents/guardians and request their presence.

School personnel shall not conduct strip searches or body cavity searches of any students under any circumstances.

Searches for Controlled Dangerous Substances/Drug Paraphernalia/Alcohol/Firearms/Other Deadly Weapons

Searches conducted by staff when there is suspicion that laws and policies on safe and drug free schools are being violated shall be based on the reasonable grounds required by this policy. The privacy interests of students are outweighed by the substantial interest of teachers and administrators in maintaining a drug-free environment in the classroom and on school grounds, and consequently, locker searches and vehicle searches on school grounds need satisfy only the "reasonable suspicion" standard adopted by the courts in T.L.O and State v. Best. When law enforcement officials conduct the search, the more stringent grounds required by law must be applied. See policies 5131.6 and 5131.7.
