April 2022

Dear Parents and Guardians,

Academy Charter High School will administer the New Jersey Student Learning Assessment (NJSLA) in May 2022. These computer-based assessments are aligned with the state learning standards taught during daily classes. All 9th grade students will test in English Language Arts and Math. The ELA and Math assessments have two 90-minute units each. All 11th grade students will test in Science. The Science assessment has four 60-minute units. Additional students in other grade levels that are currently enrolled in an Algebra 1 course may also be tested. Testing will be done during regular school hours and the schedule will be as follows:

- **Tuesday, May 10th through Friday, May 13th** - Algebra 1 & ELA 9
- **Monday, May 16th through Thursday, May 19th** - Science 11
- **Monday, May 23rd through Thursday, May 26th** - Makeup Testing

Please assist us in providing each and every one of our students with the greatest opportunity to be successful and demonstrate their true abilities. Students who are taking the NJSLA will use their school-issued Chromebook to complete all units of testing. They should come to school with their device completely charged. Please be aware that any student who misses their scheduled test time will have to make up that unit at a later date. Additionally, some links are provided below with more resources for students and parents.

- For sample test questions, visit: <https://nj.digitalitemlibrary.com/home/>
- For tutorials and practice tests, visit: <https://nj.mypearsonsupport.com/practice-tests/>
