Dear Parents and Guardians,

This semester we will be offering social-emotional and study skills lessons in partnership with Elevate Education to our 9th grade students during their Communications class and 12th grade students during Senior Project in the Fall. Elevate Education will also be offering a parent workshop on September 22nd from 4PM-5PM to review the topics that will be taught to your child during the school day. The student workshops are integrated into the courses several days throughout the semester. Topics will focus on skills that students can use in school as well as at home. These include time management, goal setting, managing stress, note taking, and more. We hope that parents attend this workshop to help reinforce these skills in their home setting. Please let us know if you will be able to join us. We will use this count to provide light snacks and refreshments. Thank you and we look forward to seeing you!
